Mesa, AZ 85205

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Dear Joel Moyes:

Thank you for applying to the U.S. Environmental Protection Agency (EPA) for certification to conduct Renovation, Repair and Painting Activities in target housing and child-occupied facilities. I am pleased to inform you that, pursuant to 40 CFR Part 745, Subpart E, your renovation, repair and painting firm is certified. Your certificate is enclosed.

This certification **expires on February 17, 2031 and is valid in All EPA Administered States, Tribes, and Territories**. However, if a State in which you are certified obtains program authorization during the term of this certification, the scope of your certification will be diminished to exclude the affected area.

Your EPA firm certification is subject to the following restrictions:

1) Individual states and Indian tribes, whether authorized or not, are not required to accept EPA certification and may accept or reject it under its own authority. Please be aware that your EPA certification does not relieve you of any obligations you may have to any State or Indian tribe regarding renovation, repair and painting activities.

2) EPA certification is specific and limited as described above. If you wish to obtain certification in other lead-based paint disciplines, you must apply separately.

3) In advertising the EPA certification, firms must indicate clearly that the firm is certified only for purposes of Section 402 of TSCA. Failure to accurately state EPA certification conditions could result in EPA suspending or withdrawing certification.

4) EPA may conduct audits and/or inspections to ensure continued compliance with regulatory standards, and may revoke or suspend its certification if subsequent alterations or deviations result with the firm no longer meeting the standards found at 40 CFR Part 745, Subpart E.

If you have questions about the renovation, repair and painting rule or need assistance, please contact the Regional Lead Coordinator, Fabiola Estrada, of the EPA Region 9 staff at Estrada.Fabiola@epa.gov. If you have any questions about your firm certification, please contact the National Lead Information Center at 1-800-424-LEAD and refer to **Application ID number R1099519**. Congratulations, and thank you for your interest in being a certified renovation, repair and painting firm.

Sincerely,

Marc Edmonds, Supervisor
Existing Chemicals Risk Management Branch 2.

# EPA Lead-Safe Certified Firm Logo Use

## What is the Lead-Safe Certified Firm Logo?

The Lead-Safe Certified Firm Logo identifies a firm as certified under the Renovation, Repair, and Painting (RRP) Rule. The colors used to make the 2-color logo are Pantone 362C (green) and Pantone 660C (blue). The font is Helvetica.

## What are the guidelines for using the Logo?

## The Logo must be reproduced so that all of its components are legible. The Logo must not be altered or distorted in any way.

## You MAY –

- Use the Logo to identify your firm as an RRP-certified firm. Firms that are not RRP-certified may not use the Logo.
- Use the Logo in brochures, advertisements, Web sites, proposals, bills, signs, uniforms, vehicles and other materials promoting or identifying your firm.
- Use the Logo on documents or other materials in black and white or color (2-color or 4-color versions are available).

## You MAY NOT –

- Use the Logo in any manner that would imply EPA endorsement of a company, its products or services.
- Reduce the Logo to a size smaller than one inch wide by 0.687 inches in height.
- Allow a firm that is not RRP-certified (including your subcontractors) to use the Logo.

EPA will monitor the use of all Logos. If necessary, EPA will address failure to comply with these Logo Guidelines. To report a non-compliant use of the Logo, please contact EPA at 1-800-424-LEAD.

**Your customized EPA logo .jpg file is attached in your firm's approval email**. For further questions regarding your logo, please contact the National Lead Information Center (NLIC) at 1-800-424-LEAD.
